Operating income --- Raw material prices: - ¥1.4 billion

First of all, I would like to refer to our Annual Securities Report for the year ending March 2017 submitted on July 31, for which the submission deadline was extended until the date. We also submitted a restatement of our Quarterly Securities Reports for the year ending March 2017 as well as restatements of our Annual Securities Reports and Quarterly Securities Reports prior to March 2016 on the same day. The audit of previous years' financial results have all been completed.

Now, let me explain our financial results for the first quarter of the year ending March 2018. Fujifilm's revenue totaled 571.5 billion yen, up 4.7% from the same period during the previous fiscal year, reflecting such factors as increased sales in electronic imaging, electronic materials and medical system businesses.

Operating income was 35.8 billion yen, up 21.5% year-on-year due to improved profitability in each of our businesses.

Income before income taxes came to 57.6 billion yen, 2.4 times over the same period during the previous fiscal year as a result of a profit gained from Wako Pure Chemical Industries, Ltd. stock valuation as a consolidated subsidiary. Net income attributable to FUJIFILM Holdings totaled 43.8 billion yen, up significantly 3.6 times over the same period during the previous fiscal year.

Let's move on to consolidated revenue and segment-specific operating income.

Our Imaging Solutions segment recorded revenue of 85.0 billion yen, up 9.2% year-on-year.

Operating income totaled 12.6 billion yen, up 2.2 times over the same period during the previous year.

Information Solutions recorded the revenue of 230.0 billion yen, up 12.2% year-on-year.

Operating income totaled 18.9 billion yen, up 25.8% over the same period during the previous year.

Within the Information Solutions segment, our healthcare business recorded revenue of 91.3 billion yen, up 13.8% from the same period of the previous year.

Operating losses decreased to 0.8 billion yen due to a reduction in deficit.

Document Solutions recorded the revenue of 256.5 billion yen, down 2.5% year-on-year.

Operating income totaled 11.7 billion yen, down 28.1% from the same period during the previous year.

Summary by Operating Segment

■ Imaging Solutions

(Billions of yen)				
Revenue	YoY		Operating income	YoY
85.0	7.2	(+9.2%)	12.6	7.0 (2.2 times)

- In the photo imaging business, sales were strong, especially in Europe and United States, of *instax SQUARE SQ10*, launched in May 2017, and *instax* films as well as other *instax* series instant photo systems. *Wall Decor* and other value-added printing businesses also enjoyed solid sales.
- In the electronic imaging business, revenue increased on strong sales of *FUJIFILM GFX 50S*, a medium format mirrorless digital camera equipped with a large sized sensor which was launched in February 2017, and the X Series mirrorless digital cameras, including the *FUJIFILM X-T20*, as well as the accompanying interchangeable lenses.
- In the optical device business, sales of various industrial-use lenses advanced steadily. Three new 4K broadcast camera lenses were launched from April 2017.

In the Imaging Solutions segment, sales increased largely due to a significant rise in electronic imaging sales combined with strong sales in other businesses.

Let me firstly discuss our Imaging Solutions segment.

In the photo imaging business, sales were strong, especially in Europe and the United States, among instant photo systems such as the *instax* series and *instax* films. Sales of the *instax SQUARE SQ10*, which was released in May 2017, have been favorable. Popularity of the *instax SQUARE SQ10* has cut across generations of people around the world. *Wall Decor* and other value-added printing businesses also enjoyed solid sales.

In the electronic imaging business, revenue increased on strong sales in the *FUJIFILM GFX 50S*, a medium format mirrorless digital camera equipped with a large sized sensor which was launched in February 2017, and the X Series of mirrorless digital cameras, such as the *FUJIFILM X-T20* and *FUJIFILM X100F* as well as their accompanying interchangeable lenses.

In the optical device business, sales of various industrial-use lenses advanced steadily. We launched three new 4K broadcast lenses from April 2017. Fujifilm aims to be the leader in advanced 4K lenses with a full lineup of seven lenses for our customers to select from.

In the Imaging Solutions segment, sales increased largely due to a significant rise in electronic imaging sales combined with strong sales in other businesses.

Performance Summary of FY2018/3 1Q **FUJIFILM**

Summary by Operating Segment

Information Solutions

Information Solutions				(Billions of yen)	
Revenue	YoY	Operating income	YoY		
230.0	25.0 (+12.2%)	18.9	3.8 (+25.8%)		
Within Healthcare				(Billions of yen)	
Revenue	YoY	Operating income	YoY		
91.3	11.0 (+13.8%)	(0.8)	0.2 (Reduction of deficit)		

- In the healthcare field, Fujifilm's medical systems business enjoyed brisk sales in high-growth areas such as In-vitro Diagnostic (IVD) systems and endoscopes. The Bio-CDMO business division saw favorable orders received for contract development and manufacture of biopharmaceuticals. In our pharmaceutical business, Fujifilm is steadily moving forward with development of our pipeline where we saw completion of Phase II of the clinical trial for *T-817MA* and initiation of Phase I of the *FF-10101* clinical trial.
- As for our highly functional materials, sales in the display materials business increased thanks to steady sales not only of the film for VA mode and IPS mode films, but also organic EL and other new business. *EXCLEAR* sales among our industrial products delivered good results. Growth in photolithography materials and other advanced electronic materials led to an increase in sales.
- Solid performance of data storage tape sales advanced growth in our recording media.
- In our graphic systems business, sales decreased due to a decline in total demand for graphic arts film, CTP plates and other products. We will expand market share of CTP plates by seeking to increase sales of high value-added products such as process-less CTP plate with its high environmental performance. Sales have been solid in our inkjet business with strong sales of inks and industrial inkjet printheads.

In the Information Solutions segment, sales rose and operating income significantly increased due to the strong sales of electronic materials and medical systems, and improved profitability in each business.

Next, as for our Information Solutions segment...

In the healthcare field, Fujifilm's medical systems business enjoyed brisk sales in high-growth areas such as In-vitro Diagnostic (IVD) systems and endoscopes.

The Bio-CDMO business division saw favorable orders received for contract development and manufacture of biopharmaceuticals.

In the pharmaceutical business, Fujifilm is steadily moving forward with development of our pipeline where we saw completion of Phase II of the clinical trial for *T-817MA* and initiation of Phase I of the *FF-10101* clinical trial.

Solid sales by Japan Tissue Engineering Co., Ltd. contributed to sales in our regenerative medicine business.

In the life science business, revenue increased due to strong sales of skin whitening products, such as *ASTALIFT WHITE Bright Lotion*, as well as other products including *MetabARRIER S*, which has been certified as a functional food.

As for our highly functional materials, sales in the display materials business increased thanks to steady sales not only of the film for VA mode and IPS mode films, but also organic EL and other new business.

EXCLEAR sales among our industrial products delivered good results.

In the electronic materials business, sales increased among advanced products related to photolithography materials, especially among major accounts.

We also launched the Fine Chemical Division in April 2017 to expand our business in high-function chemicals and laboratory chemicals.

In the recording media business, sales grew thanks to solid performance of data storage tapes, using barium ferrite (BaFe) particles based on our proprietary technology, as well as data archive services.

In the graphic systems business, sales decreased due to a decline in total demand for graphic arts film, CTP plates and other products. We will expand market share of CTP plates by seeking to increase sales of high value-added products such as process-less CTP plates with their high environmental performance. Sales have been solid in our inkjet business with strong sales of inks and industrial inkjet printheads.

In Fujifilm's Information Solutions segment, sales rose and operating income significantly increased due to strong sales of electronic materials and medical systems, and improved profitability in each business.

Summary by Operating Segment

Document Solutions	Revenue		YoY		Operating income		YoY	
	(Bilions of yen)							
	256.5	(6.5)	(-2.5%)	11.7	(4.5)	(-28.1%)		

- In Fujifilm's office products business, positive sales were reported of the *ApeosPort-VI C* and *DocuCentre-VI C* series A3 full-color multifunction devices capable of connecting with a variety of cloud services in Japan and China.
- Sales of monochrome and color model office printers were strong in China.
- In the production services business, sales of *Versant 3100 Press* and *Versant 180 Press* were strong in Japan.
- While sales of our global services business decreased in Asia and Oceania, sales increased in Japan, reflecting steady sales in the managed print service business.

In the Document Solutions segment, sales decreased due to a decline in Oceania. Operating income fell on account of negative foreign exchange rate effects and other factors.

In the Document Solutions segment...

In the office products business, positive sales were reported in Japan and China for the *ApeosPort-VI C* and *DocuCentre-VI C* series A3 full-color multifunction devices capable of connecting with a variety of cloud services.

In the office printer business, sales of monochrome and color model office printers were strong in China.

In the production services business, sales of the *Versant 3100 Press* and *Versant 180 Press* were strong in Japan.

While sales of our global services business decreased in Asia and Oceania, sales increased in Japan, reflecting steady sales in the managed print service business.

In the Document Solutions segment, revenue decreased due to a temporary decline in sales in Oceania. Operating income fell on account of negative foreign exchange rate effects and one-time expenses, such as the provision of repair service overseas. However, our operation base secured the same level of profitability as the previous fiscal year. We will continue to work on expanding high-growth areas such as global services, and promoting further sales expansion in Asia and Oceania, while adding and accelerating measures to reduce and improve costs to boost profitability.

Next, let's look at our balance sheet.

Assets as of the end of the first quarter of the fiscal year ending March 31, 2018, totaled 3,647.4 billion yen, an increase of 114.2 billion yen from the end of the fourth quarter of the fiscal year ending March 31, 2017. This was due to increases in goodwill and other factors.

Liabilities increased by 42.3 billion yen to 1,307.4 billion yen, while shareholders' equity increased by 61.7 billion yen to total 2,105.3 billion yen.

The current ratio decreased by 12.8 percentage points to 286.4%. Our debt-equity ratio increased by 0.2 percentage points to 62.1%, and our shareholders' equity ratio decreased by 0.1 percentage points to 57.7%.

Cash Flows

Next, with regard to our cash-flow, net cash-flow from operations amounted to 93.4 billion yen with a decrease in notes and accounts receivable as well as other factors.

Net cash-flow from investments amounted to a negative 148.3 billion yen due to the acquisition of Wako Pure Chemical Industries, Ltd. and other factors.

As a result, free cash flow was a negative 54.9 billion yen.

9

No changes have been made in our consolidated financial forecast for the fiscal year ending March 2018 from the forecast released on June 12, 2017.

As for the whole company, consolidated performance for the first quarter of FY2018/3 proceeded as planned.

Beginning in the second quarter, our group will continue to advance our growth strategy while, at the same time, promoting further increases in sales and improvements in profitability so that we will achieve our consolidated financial forecast for the fiscal year ending March 2018.

On August 30, we will present our new three-year Medium-Term Management Plan, for which FY2017 will be the initial year.

The specific date and time will be announced later.

This concludes the discussion of our financial results for the first quarter of the fiscal year ending March 2018.

FUJIFILM

Value from Innovation

At Fujifilm, we are continuously innovating — creating new technologies, products and services that inspire and excite people everywhere.

Our goal is to empower the potential and expand the horizons of tomorrow's businesses and lifestyles.

Earnings for FY2018/3 1Q

Activities for Strengthening Governance

Activities for Strengthening of Governance

Tasks & Actions (Announced 6/12)	Progress
1 Strengthening of governance structure of FUJIFILM Holdings(FH)	
1. Reducing the number of directors from 12 to 9 for greater operational flexibility, promoting active deliberation by the Board of Directors and streamlining management decision-making	June 2017 At FH's 121st ordinary general meeting of shareholders, a proposal concerning election of directors was approved.
2. Raising the ratio of outside directors on the board to one-third to ensure the appropriateness of decision-making by incorporating opinions from multiple perspectives	
2 Strengthening of governance of group companies and strengthening of the business management process	July 2017 Governance Strengthening Committee established (Chairman: FH president Sukeno)
1. Revision of organization Strengthen the business management process by consolidating some of Fuji Xerox (FX)'s corporate functions into FH	September 2017 Integration scheduled of Accounting and Auditing departments Programs to be determined for strengthening the business management process
2. Dispatching management personnel from FH to FX - Dispatch directors and managers in charge of business management from FH to FX - Further expand personnel exchanges within the Fujifilm Group	June 2017 At the FX ordinary general meeting of shareholders, a proposal to elect 7 members dispatched from FH to serve as Chairman, Deputy President, Executive Vice President, Senior Vice President and others positions was approved
3. Strengthening internal control within the Fujifilm Group - Enhance the business management guidelines of affiliates - Rebuild and strengthen the reporting structure within the Fujifilm Group (a) Rebuild and strengthen the structure for reporting from FX to FH (b) Rebuild and strengthen the structure for reporting within FX, including its affiliates (c) Rebuild and strengthen the structure for meetings related to decision-making - Strengthen and thoroughly reinforce compliance education, and strengthen personnel development	July to August 2017 Compliance seminars conducted for directors of all divisions and presidents of all group companies August 2017 Subsidiaries Administration division established

Finally, following the inappropriate accounting conducted in the past by overseas sales subsidiaries of Fuji Xerox Co., Ltd., we are reinforcing corporate governance. Here is the progress that we have made with regard to the measures announced on June 12.

First, as for strengthening the governance structure of FUJIFILM Holdings, a proposal to reduce the number of directors from 12 to 9 and raise the ratio of outside directors on the Board of Directors to one-third was approved at the 121st ordinary general meeting of shareholders on June 29. Operation of this new system has started.

Second, as for strengthening the governance of group companies and strengthening our business management process, in revising our organization, we aim to integrate the Accounting and Auditing departments of FUJIFILM holdings and Fuji Xerox by this September. We will lay out plans for improving accounting, including management of leases and sales standards, as well as internal auditing.

As for dispatching management personnel from FUJIFILM Holdings to Fuji Xerox, Chairman Komori became chairman of Fuji Xerox and we dispatched 7 executives from FUJIFILM Holdings to serve as Deputy President, Executive Vice President, Senior Vice President and in other positions this June.

To strengthen internal controls within the Fujifilm Group, we held compliance seminars for directors of all divisions and presidents of all group companies in July and August. President Sukeno explained the importance of employees having a greater recognition of their social responsibility, fulfilling their roles as employees of Fujifilm Group, and enhancing their awareness of compliance.

Furthermore, we established the Subsidiaries Administration division, which will manage our owned and other subsidiaries of FUJIFILM Holdings in August. We aim to support and monitor management of group companies as well as formulate rules and regulations needed for corporate governance in cooperation with the relevant departments.

We have also developed a comprehensive project system that includes establishment of the Governance Strengthening Committee in July that will be chaired by President Sukeno. We are promoting projects to address the respective issues.

Going forward, we will make progress in strengthening of governance and continue to announce any progress made.

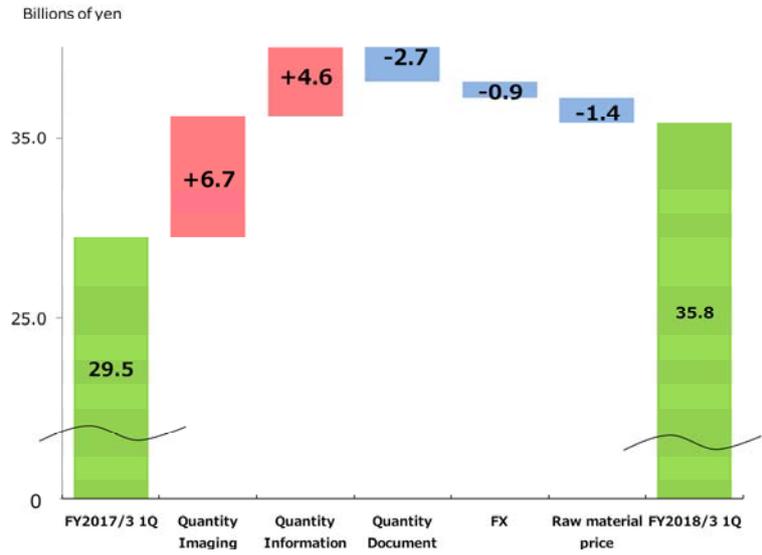

Thank you for your attention.
