

# Overview of Our Businesses

The Fujifilm Group's current business portfolio was established through the evolution of innovation with our leading-edge, proprietary and advanced technologies honing the photographic film business. We aim to build a portfolio that enables us to continue innovating even if our business environment changes.

## Imaging

Various products and services related to photographs and videos from shooting to printing

- **Consumer Imaging**  
INSTAX, color films, color paper for photo printing, developing and printing systems, photo printing services and more
- **Professional Imaging**  
Mirrorless digital cameras featuring high picture quality enabled by our proprietary color reproduction technology, TV and cine lenses, industrial lenses including security lenses and machine vision lenses, projectors, digital signage and more

## Business Innovation

Products and solution services that bring about new changes in work styles, improving productivity and inspiring creativity

- **Office Solutions**  
Document-related office solutions provided through multifunction devices, printers, consumables and maintenance services
- **Business Solutions**  
Solution-oriented document services tailored to various industries and operations, including system integration, cloud services, management of multifunction devices and business process outsourcing

Net Sales by Segment

## Healthcare

Providing a wide range of businesses in the fields of prevention, diagnosis and treatment as a total healthcare company

- **Medical Systems**  
Various diagnostic equipment such as X-ray diagnostic imaging, endoscopes, ultrasound, in vitro diagnostic (IVD), and medical IT systems for centralized management of diagnostic images and other data
- **Bio CDMO**  
Process development and manufacturing services for high-quality biopharmaceuticals, demand for which is growing, and in the advanced medical fields of cell therapy drugs and gene therapy drugs
- **LS Solutions**  
**Life Sciences**  
Total solutions in the fields of cells, culture media and reagents for drug discovery support
- **Consumer Healthcare**  
Functional cosmetics such as the ASTALIFT brand and supplement products
- **Pharmaceuticals**  
Process development and manufacturing services for next-generation drugs and mRNA vaccines

## Materials

Various advanced materials and graphic communication solutions for communication equipment, sensors, next-generation displays and other equipment that support lifestyles in the era of AI and IoT

- **Electronic Materials**  
Various materials (e.g., photoresists, CMP slurries) used to manufacture semiconductors
- **Display Materials**  
Materials for LCD panels, OLED panels and other products
- **Industrial Products and Fine Chemicals**  
Industrial Products (e.g., sensor films for touch panels, recording media) and Fine Chemicals (e.g., advanced chemicals, reagents for research use)
- **Graphic Communication**  
Graphic communication solutions (e.g., offset printing equipment, digital printing systems) and inkjet solutions such as industrial printheads

Note: Figures for revenue in the Non-destructive Inspection business have been reclassified from the Materials segment to the Healthcare segment from fiscal 2023. Information for fiscal 2022 has been restated to reflect this change in classification.
